Creating A Network Of Opportunity

The Champions of the Region's Business Community.

JOIN US!

Welcome to the *Princeton Mercer Regional Chamber*

As the first regional chamber in the State of New Jersey, the Princeton Mercer Regional Chamber serves as a leading driver of economic growth in Central New Jersey. Building a healthy business climate is our mission, and by partnering with leading business, civic and nonprofit organizations like yours we can bring our vision into reality.

The Chamber supports the business community by providing opportunities for connection and partnership among our members, by being a trusted source of relevant information on the latest business topics and trends, and by acting as your voice on critical issues in our State legislature.

In 2023, CNBC's Top States for Doing Business announced New Jersey rose in the ranks from 42nd to 19th "best state in the nation for business." One reason for the State's dramatic improvement is the sunset of the State's corporate business tax surcharge...a change brought about through effective, coordinated advocacy from your Chamber and our Statewide partners. We will always continue our pro-business agenda to ensure companies want to move to New Jersey, stay in New Jersey, and grow in New Jersey.

We remain committed to supporting our members and, in turn, look for your support of our Chamber as we work together to keep the region's business community vibrant!

Chamber Strong.

As Vice President of Membership and Business Development of the Princeton Mercer Regional Chamber, I am often asked why one should join the Chamber, and it is an easy question to answer.

I describe how the Chamber initiates business-to-business contacts that result in new business opportunities for members every day. I mention that we provide over 2 million visitors with access to information on businesses in our region through our Princeton Mercer Convention & Visitors Bureau. I remind them that the Chamber's mission is to generate more business activity for the community, the county, and the region; and I remind them of the importance of doing business locally to keep our region strong.

We are the region's Champion for Business. We accomplish our mission of serving our members by speaking for businesses and promoting an environment for business growth every day. I personally invite you to join and partner with the Princeton Mercer Regional Chamber to get connected, build your business, and keep our business community strong.

We are stronger together!

Our Values, Mission, and Vision

OUR Values

- We value our **Clients**, earn the respect of our members, and meet their needs.
- We value our **Staff**, our most important resource. We encourage, reward, and motivate them every day.
- We value **Integrity**. We adhere to the highest of ethical standards.
- We value **Diversity**. We respect the variety of people, businesses, and ideals in our community and consider this diversity to be an advantage.
- We value both **Innovation** and **Tradition**. As a proactive and forward-thinking organization, we create meaningful programs that add value and meet the needs of an ever-changing world. We embrace the possibilities of the future while preserving our region's rich history.
- We value our **Board of Directors**. They lead us with their integrity, their knowledge, and their excellence.

OUR Vision

The **Princeton Mercer Regional Chamber** aims to provide our members with indispensable business and networking resources vital to their growth and success. Our vision is to be an effective catalyst for improving the quality of life and business for those who visit, work and live in the greater Central New Jersey Region. This is put into action through our exceptional business programs, working with our civic leaders and promoting diversity in our region to facilitate the difference we aspire to.

OUR Mission

"Serve our members with opportunities to meet and do business with other members and to provide resources that will enhance their success."

Speak for Business: with a collective voice on public policy issues affecting business and our communities.

Promote environment for business growth: by encouraging economic development efforts that strengthen the Region's reputation and by enhancing the quality of life in over 18 communities and five counties we serve in New Jersey.

Display excellence in all aspects of our operations: led by the Chamber's Board of community leaders, with support from a full-time professional staff, we will ensure that the skills, talents, and interests of our members are effectively utilized and supported and everyone's experience with the Chamber is positive and productive.

Uncomfortable Conversations

The New Way to Lead in Diversity

The Princeton Mercer Regional Chamber is galvanized toward our mission to champion Diversity, Equity & Inclusion through education, involvement and the facilitation of uncomfortable conversations around systematic racism, sexism, and inequality. As business leaders, we recognize our responsibility to stand against injustice and provide resources for our members and the community that promote anti-racism, equality, and bring positive meaningful change.

The Chamber has been an influential leader and continues to forge the path for companies to improve their DE&I initiatives. In the words of Gary Burnison, CEO of Korn Ferry, "Leaders communicate why it is important to go beyond diversity alone to reach conscious inclusion - where curiosity about differences is encouraged and where inclusions the mutual responsibility of all people."

We have always believed in creating a space where differences are welcome, valued and celebrated and will continue our work to realize this outcome.
